

## Arizonians In Pursuit Of Pleasure

The Desire of a Woman Temporarily Absent to Return to Her Home in Phoenix

By SALLY JACOBS

"Give accurate information about Arizona, that is the best of all." That is the request Mrs. E. L. Cowgill, in charge of the Los Angeles branch of the Phoenix Chamber of Commerce makes to the Arizona dailies.

"Let The Republican start the best movement," suggests Mrs. Cowgill, who does not believe Arizonians appreciate what they have. "Southern California has been built by boost and yet we who have so much more behind us do not make an effort to place our state on the map. The people need a publicity education, the right sort of publicity for all they need to speak the truth about Arizona to bring thousands of new residents there every season. Why even the tourists mention our indifference and stop to consider whether it is worth while going to a country that is not supported by its own citizens. It might be said that it is not our business to go but how are the easterners to know of our many industries, our incomparable climate, unless they hear or read about it and are finally induced to see for themselves?"

Mrs. Cowgill finds it possible to live away from home only because she is in an Arizona atmosphere constantly. She is always to be found at her headquarters preaching her state's gospel. And some day she really going to live the life she desires above all things. She is going to farm in the Salt River Valley. She's saving all the pennies and dimes she can which is not a simple matter when living in a coast city, especially in Los Angeles where the high cost of living has not been successfully solved.

"What I want is twenty acres in alfalfa and money enough to get started," says Mrs. Cowgill. "With three or four dairy cows, hogs, chickens and fruit I'd soon have an enviable bank account. There is a good living to be made on a farm or ranch and I propose to do it some day."

It is the poultry business that appeals especially to Mrs. Cowgill and she believes it has a big future in Arizona.

"The only reason that more has not been made out of poultry is that the poultry men are not organized. There would be no need for the big corporations to go outside the state for any supplies if the farmers were properly organized," according to Mrs. Cowgill.

Cowgill who furthermore believes that there is nothing under the sun that cannot be made to grow in Arizona.

Miss Grace Wilcox an Arizona newspaper woman will leave the first of the year for New York where she will be connected with the editorial department of a well known eastern syndicate. Royal Neighbors Pioneer Camp has achieved much during the past year and now boasts of a nice sociable camp with about twice the membership of a year ago. Let us not consider our work done and say: "Let well enough alone," but let us go on with new ambition for greater achievements this coming year, for as long as there is a child to protect or a home to save, we should not consider our work completed.

### HAPPENINGS AT FRISCO

(By Albert Pinney)  
The class rush that took place on the new track field at Berkeley last Saturday resulted in the defeat of the Sophomores. Freshmen class this year is a terror. It has represented the class color by painting the campus green. Poor Sophs are making themselves scarce now although some nice moonlight night they may appear on the scene ready for war.

Besides visiting the Fair a number of the Phoenix visitors here, have been enjoying a few of Frisco's opportunities for entertainment. "The Classman" is the star feature at the Court theater and was the scene of an impromptu theater party at which a number of the boys witnessed this great production.

Stanford university will be in full blast next week, as the freshmen will register on the 31st of August while the upper classes have to be there on the 1st of September. The students will hold their class rush Friday after registration and they hope to make it even better than the one at Berkeley.

Salt Lake is coming to the front in the Coast League having won six games straight.

Mrs. E. E. Pascoe and her daughters Ruby and Marion are in San Francisco visiting the Fair.

Phoenix Boys at Exposition City  
Well known Phoenix boys hold meetings at the Y. M. C. A. in San Francisco in order to get together and form parties to take in the Fair.

The largest crowd of Phoenix boys that ever gathered together so far away from home is in Frisco now.

A large theater party will occur in this city given by these boys. Joe Dorris, Tucker Pinney, George Laurs, Lester Damund, George Hamilton, Lamar Norvell, Albert Pinney, Bryan Showers, Paul Sweeney, Smith Pickrell, Perry Casey, John Newcomer, Neil McGinnis, Chick Orme, James Higley, Warren Parker, Paul Holsinger, William Hartrant, Jim Coman, Ulrich Theilmer, Wallace Kolberg, Harry Behn, and Forrest Bates. Many other Stanford and Berkeley university boys will take part in this affair.

Many ladies will attend the Class Rush at Stanford, among others are Mrs. Geo. Laurs and daughters, Mrs. W. L. Pinney and daughter, and Miss Ora Orme.

**SOCIAL HAPPENINGS**  
Joe Dorris, Lamar Norvell, Tucker and Albert Pinney, were the guests of Fred Hansen Jr., at his summer cottage in Yolanda last Tuesday. Many unique features of entertainment were enjoyed during the day and it is not without some pang of regret that the boys look forward to their departure from the hosts who have so royally entertained them.

**A SOCIAL FUNCTION OF GIRLS' IMPROVEMENT CLUB**

One of the most enjoyable affairs of the season occurred on Wednesday night under the direction of the Girls' Improvement Club at which about fifty members of the younger set were delightfully entertained at the beautiful country home of Mrs. J. V. Rice on West Camelback avenue. Mesdames Rice, Seaman, Sherbino and Evans acted as patronesses. Miss Glascock presided over the punch bowl. Music, games and dancing were features of the evening's entertainment. This, the third social effort of the Girls' Club was voted a success by all present.

**CIVIC LEAGUE**  
The executive committee of the Civic League has announced that the first meeting of the season will be held on September 8 instead of on the first of the month as was originally planned. The annual election of officers and naming of committees for the coming year will also take place at this meeting.

degree knights will be in Phoenix from all parts of the southwest, a large delegation being expected from Los Angeles and councils in that vicinity.

At the first meeting in September the matter of celebrating Columbus Day, October 12th, will be discussed, and all the members should be present to assist in making plans for a suitable observance of the discovery of America. Committees will be named to take charge of the various features of the celebration, which will consist of addresses, music and other features.

The annual election of officers takes place in September, and the members should bear this in mind in order that there be a large attendance. In the hands of the present officers Marcos de Niza council has enjoyed a steady growth. The selection of the leaders in a fraternal organization is one of the most important obligations of the membership.

Much good is expected to result from the recent supreme council session in Seattle, which devoted a large portion of its time to consideration of the report of the committee on religious prejudice. This committee is working diligently to correct error, mistake and misstatement regarding the order and its members. Already many false impressions, especially one regarding the alleged oath of the fourth degree, have been corrected.

On July 1st there were 341,925 Knights of Columbus, of which number 232,225 were associate and 109,700 were insurance members.

**FIFTH AVENUE'S LATEST FAD**  
Women There Wear Stockings Rolled Down to Their Ankles Now

"The First National Bank," established by women, no longer is being used as a depository this warm weather. It has gone out of business—at least, the stockings have become detached, which makes it useless as a bank. They are worn "rolled" now down to the ankle. New York has been afflicted from time to time with many freakish fashions, but this seems to be close to the limit. The novel spectacle of a pretty girl sauntering leisurely along with her stockings rolled down to her ankles, leaving a gaudy display of bare white leg below the skirt hem is cause enough to make any staid citizen to stand in the sun. It has been the fad at the beaches this summer for the fair sex to promenade with their stockings arched thusly, but, seen on Fifth avenue, the effect is somewhat different. "It is much cooler," is the excuse the girls give who are following the fashion—New York Letter to the Pittsburg Dispatch.

## LODGE LORE

The regular business meeting of the Woman's benefit Association was held last Tuesday evening with all officers at their stations.

The Sewing Club met with Mrs. Birdie Karls and spent a most enjoyable afternoon. The business hour was devoted to fancy bags. During the social hour dainty refreshments were served by our charming hostess. A number of the ladies planned a surprise on the lady commander and presented her with a friendship bracelet. The surprise was completed by a banquet. During the evening games were played and music added much to the evening.

**Knights of Columbus**  
Applications for the fourth degree are being received by Grand Knight Peter Ryan from a large number of members of Marcos de Niza council, Knights of Columbus. But a short time remains within which these applications must be in the hands of Master R. E. Morrison of Prescott. Those who desire this degree should confer at once with Grand Knight Ryan and obtain from him the necessary blanks. This degree will be exemplified by Master Morrison and his team in Phoenix on the Sunday at the close of fair week. Fourth
